

MIKE SHINODA

BIOGRAPHY

Mike Shinoda is a songwriter, performer, record producer and visual artist. He recently added composer to his list, collaborating with Joseph Trapanese on the action film, "The Raid."

He is best known for his vocal and musical endeavors with two-time Grammy-Award winning, multi-platinum alternative band Linkin Park. The band has sold over 45 million albums to date, and recently completed their *A Thousand Suns World Tour*, which travelled through 5 continents, 30 countries and played in front of over a million fans. Mike oversees the band's online efforts including linkinpark.com and [Facebook.com/LinkinPark](https://www.facebook.com/LinkinPark), which currently boasts over 36 million followers--the biggest band page on Facebook.

Shinoda graduated with a B.F.A. in Illustration from Art Center College of Design in 1998, and received an honorary doctorate of humane letters in 2009. He has a hand in most artistic facets of Linkin Park's artwork and imagery, including art for the band's albums, merchandise, web, and stage.

In 2005, Shinoda and his bandmates founded Music For Relief, a 501 (c) (3) non-profit organization dedicated to providing aid to victims of natural disasters and the prevention of such disasters. Since its inception, MFR has raised over 5 million dollars for multiple victims across 4 continents. The organization was recently recognized by UN Secretary General Ban Ki-Moon for their Download To Donate program to raise funds and awareness in the aftermath of the Haiti earthquake.
